

ABAKHAYA HOLDINGS

Company Profile

History & Ownership

In 2018 Curnick Phumelele Tshongweni, Alfred Mzimkhulu Klaasen and Thulani Winston Malinga founded ABAKHAYA HOLDINGS JV, laying a strong foundation for a diversified general contracting firm distinguished by integrity, quality, teamwork and years of hands-on experience. Since its founding ABAKHAYA HOLDINGS JV it has experienced sustained and steady growth. Our organisation is one of a few successfully black owned and managed emerging construction companies in the country, with a level one BEE Status. We comprise of a well trained and experienced workforce and a national footprint.

Our project teams maintain a solid foundation of trust and mutual respect generated through positive relationships with clients, architects, engineers, subcontractors and suppliers. A company-wide policy encouraging shared performance and responsibility ensures the highest degrees of professional service and results on all projects undertaken.

Vision

To become a premier solution provider company providing world leadership in complete engineering and technical solution for the construction and superior quality solution. We are the architect of responsive, fast, cost effective and creative solution to our client benefit, compensation and their critical needs.

Our Team combine technical excellence with superior understanding of client need and the environment in which our client operates. We are committed to working partnership with our client that add value and consistently exceed expectations.

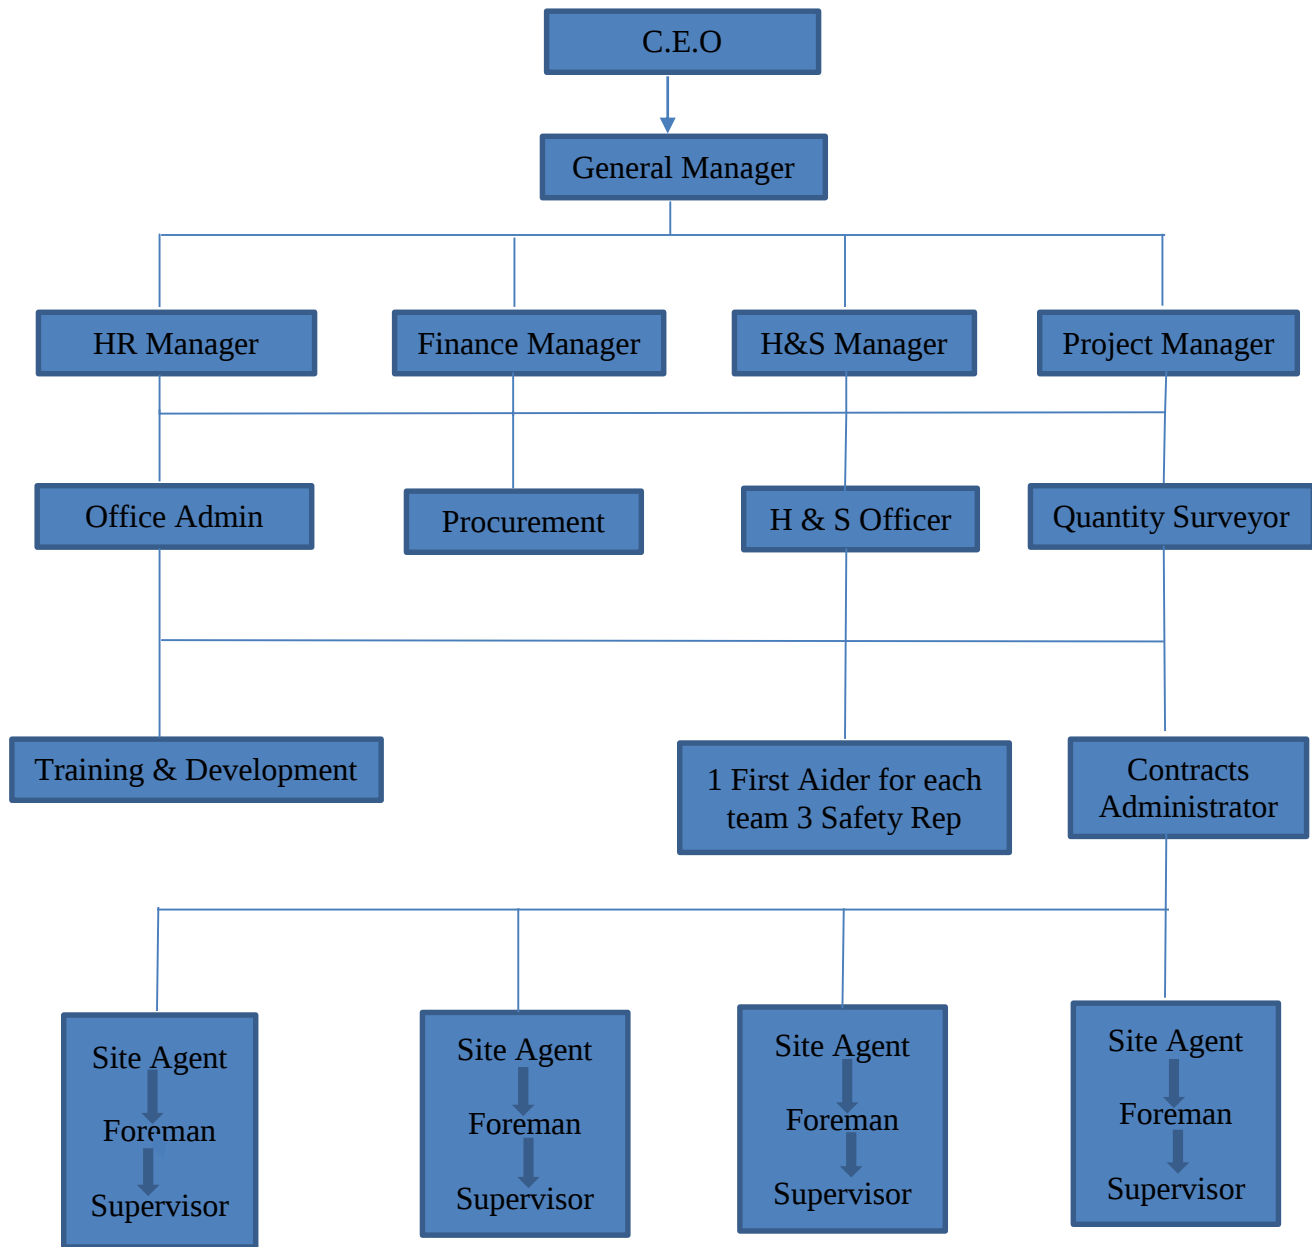

Mission

To form long-term relationships of value with our clients and partners, using quality construction and engineering solution and employing the best resource and latest techniques.

Objective

To provide the highest possible standard of quality and service in the construction industry, giving Clients the best satisfaction the company can offer.

Company Organogram

Our Staff

As a company, we strive for the very best, and we demand the same of all our staff. Each member has core skills and capabilities they bring to the Construction Process, and excel at the core objectives of any construction project - quickly understanding the vision for the project and the way the many unique parts come together to create a finished project - to the highest standard each and every time.

What sets us apart is our investment in people. People are the key to our success in business. As a company, we back our people with the resource to overcome those challenges required to succeed

What sets us apart We are 100% black owned & operated, both directors taking personal pride in every project that the company delivers, striving to always exceed Client & Consultant's expectations.

ABAKHAYA HOLDINGS JV assists its clients by providing a single point of contact, handling project management, cost control, on site management of all the various complex undertakings of a Construction Project.

Our personnel have extensive construction experience. We understand the importance of interface management and

ensure effective communication at all project levels.

Depending on our role, we can provide our clients with a full design & build service, adding design development and value engineering to our range of services.

We have particular strengths in quickly understanding the vision of the project, developing the most time & cost efficient methodology so that we can offer our clients the best complete package.

Above all, we are determined to become a top-class construction firm by developing into a total solution provider that uses experiences accumulated from various projects around the country to develop and provide value to customers.
